Business description

Amper (AMP) is a Spanish group that operates through three business lines: (i) Technology (roll-out of telecom networks and IoT, solutions for security and defense and energy control; 36% o/revenue in 2021e), (ii) Industrial (assembly and maintenance of industrial plants; 60% o/revenue in 2021e), and (iii) engineering (4% o/revenue in 2021e). Spain is its principal market (c. 85% o/revenue).

Market Data

(1) The opinion regarding the results is on reported EBITDA with respect to our estimate for the year (12m). The impact reflects whether, due to the results, we envisage a significant revision (>5% - 10%, depending on the sector) of our EBITDA estimate (for any of the estimated years).

(2) Please refer to Appendix 2.

(3) Rotation is the % of the capitalisation traded - 12m.

(4) vs Stoxx Europe 600 Technology.

6m, in line: business accelerating with a structure that still weighs heavy on EBIT

AMP'S ORDERBOOK REMAINS CLOSE TO ALL-TIME HIGHS (EUR 327MN). The integration of Sacyr Nervión in July 2020 caused a change in the mix of the orderbook, with an increase in the weighting of the industrial business to 66.5% (vs 40.7% in 1H20). The other 33.5% comes from: (i) the technological business, with a higher margin and growth capacity (27.4% of the mix; c. +47% vs 1H20) and (ii) engineering (6.1% of the mix; +22% vs 1H20).

... WITH REVENUE INCREASING TO EUR 140MN +79% Y/Y, underpinned by: (i) the strategic reorganisation of the company's businesses in 2020 (focusing on growth niches such as communications infrastructure, the IoT, digitisation, renewable energies, etc.), (ii) the increasing normalisation of business after the more restrictive period imposed by Covid-19 in 2020 (although some business continues to be affected) and (iii) the full consolidation of the businesses acquired in 2020.

WITH AN INCREASED WEIGHTING OF TECHNOLOGICAL BUSINESSES IN THE REVENUE MIX. Although the industrial business (with a smaller margin) continues to dominate the revenue mix (with a weighting of 68.5%), we would highlight the strong growth recorded by the technological businesses with EUR 39.7Mn at the 1H21 close (+118% vs 1H20; including non-organic growth). This has driven the weighting of technological businesses to 28.3% (vs 23.3% in 1H20), despite the large increase in the industrial business (+75% vs 1H20).

ALTHOUGH THE COST STRUCTURE REMAINS VERY HEAVY... The non-organic growth strategy adopted by AMP in recent years has resulted in significant growth in the operating structure, implying in 1H21: (i) EUR 65.4Mn in personnel costs (a factor that will continue to impact results in 2H) and (ii) an increase in other operating costs to EUR 12.6Mn (vs EUR 7.3Mn in 1H20).

PREVENTING (YET) THE TAKE-OFF OF EBIT (EUR 2.9MN; EBIT MARGIN 2%)... The EBIT margin was 2% (vs negative EBIT in 1H20), impacted mainly by EUR 5.4Mn of amortisation from the capitalisation of R+D costs and the amortisation of intangible generated by M&A (no impact on cash flow).

MAINTAINING DEBT STABLE (ND: EUR 53.5MN). With a business that is very intensive in working capital (clients/sales LTM: c. 40%; mainly due to the industrial division), AMP closed 1H21 with ND of EUR 53.5Mn (in line with the 1Q21 close). In our view, the current balance sheet structure does not seem to be a problem and should allow AMP to handle the organic growth expected in 2021e-2023e (c. 15% CAGR). And, although the ability to continue to grow via M&A persists (with a ND/EBITDA limit of c. 3x), current ND levels reduce the capacity for significant non-organic growth in the short term.

A COMBINATION OF MORE REVENUE BUT ALSO MORE COSTS THAT ALLOWS US TO MAINTAIN OUR ESTIMATES FOR THE MOMENT. The good performance by revenue in 1H21 (EUR 140Mn vs EUR 259Mn estimated for the whole year), points to a faster than expected acceleration of growth (2Q21 revenue: +17% vs 1Q21). Although with a fixed cost structure that is also growing and that remains very heavy (1H21 EBIT margin: c. 2% vs c. 5% estimated). In this situation (higher revenues but also higher costs), we maintain our estimates: 2021e EBIT: c. EUR 12-13Mn (2021e EV/EBIT: 22x; c. 15x 2022e).

IMPORTANT LEGAL INFORMATION REGARDING THIS REPORT

LIGHTHOUSE

Lighthouse is a project of IEAF Servicios de Análisis S.L.U. Lighthouse is a research project funded by Bolsas y Mercados Españoles S.A. Lighthouse aims to improve the research coverage of the "orphan stocks" of the Spanish market: those which lack real and continuous research coverage. Lighthouse reports will not include valuation and target price. Lighthouse does not seek to provide investment advice to any natural or legal person. For this reason, Lighthouse will not provide a valuation, target price or investment recommendation for any of the securities analysed.

IEAF Servicios de Análisis S.L.U. is a Spanish company whose corporate purpose is:

1º) To provide information and financial analysis regarding securities issued by any class of legal person traded on official secondary markets, and specifically those securities which are not the object of the recurrent provision of information and analysis by financial analysts who participate in the markets.

2º) To publicise and update the aforementioned financial reports and analysis, in addition to the monitoring and following of the securities on which the information and analysis is provided.

3º) To prepare studies and projects aimed at proposing and implementing measures to improve the information and financial analysis of securities traded on official secondary markets.

IEAF Servicios de Análisis S.L.U. is a company whose sole shareholder is the Instituto Español de Analistas Financieros (IEAF), a professional, not for profit association.

DISCLAIMER

The Instituto Español de Analistas Financieros (IEAF) hereby certifies that the analyst of IEAF Servicios de Análisis S.L.U. whose name figures as the author of this report, expresses views that reflect their personal and independent opinion of the company analysed without these implying, either directly or indirectly, a personalised recommendation of the company analysed for purposes of providing investment advice. This report is based on the preparation of detailed financial projections from information available to the public and following traditional fundamental research methodology (i.e. it is not a technical or quantitative analysis report). For the analysis methodology used in the preparation of this report, please contact the analyst directly; contact details are included on the front page of this report.

The report includes basic information regarding the main parameters to be used by an investor when making their own valuation (whether by discounted cash flows or multiples). These parameters are the personal opinion or estimate of the analyst. The person receiving this report should use their own judgement when using these parameters and should consider them as another element in their decision-making process in respect of investment. These parameters do not represent a personalised investment recommendation.

Rules governing confidentiality and conflicts of interest

None of the following rules governing confidentiality and conflicts of interest (12) is applicable to this report:

1. This report is non-independent research as it has been commissioned by the company analysed (issuer).
2. In the last 12 months, the Instituto Español de Analistas Financieros or its subsidiary, IEAF Servicios de Análisis S.L.U., has had Investment Banking mandates or has managed or co-managed a public offering of the securities of the issuer, or has received compensation from said issuer for Investment Banking services, that exclude brokerage services for prepaid fees.
3. In the next 6 months, the Instituto Español de Analistas Financieros or its subsidiary, IEAF Servicios de Análisis S.L.U., expects to receive or intends to obtain compensation for Investment Banking services provided to this company that exclude brokerage services for prepaid fees.
4. The Investment Analyst or a member of the Research Department or a member of their household has a long position in the shares or derivatives of the corresponding issuer.
5. The Investment Analyst or a member of the Research Department or a member of their household has a short position in the shares or derivatives of the corresponding issuer.
6. At the date of publication, the Instituto Español de Analistas Financieros or its subsidiary, IEAF Servicios de Análisis S.L.U. held a long position of over 0.5% of the issuer's capital.
7. At the date of publication, the Instituto Español de Analistas Financieros or its subsidiary, IEAF Servicios de Análisis S.L.U. held a short position of over 0.5% of the issuer's capital.
8. At the end of the month immediately prior to the publication of this report, or of the previous month if the report is published in the ten days following the end of the month, the company analysed (the issuer) or any of its subsidiaries held 5% or more of any class of equity security of the Instituto Español de Analistas Financieros or its subsidiary, IEAF Servicios de Análisis S.L.U.
9. A senior director or officer of the Instituto Español de Analistas Financieros or its subsidiary, IEAF Servicios de Análisis S.L.U., or a member of their department is a director, officer, advisor or member of the Board of Directors of the issuer and/or one of its subsidiaries.
10. The Instituto Español de Analistas Financieros or its subsidiary, IEAF Servicios de Análisis S.L.U., acts as broker for the Issuer for the corresponding prepaid fees.
11. The contents of this report related to the financial analysis, financial projections, valuation, investment summary and opinion of the analyst have been reviewed by the issuer prior to its publication.
12. The issuer has made changes to the contents of this report prior to its distribution.

The Investment Analysts who have prepared this Investment Analysis are employees of IEAF Servicios de Análisis S.L.U. These analysts have received (or will receive) compensation according to the general earnings of IEAF Servicios de Análisis S.L.U.
