1.6 Retail activity fee

Market members may adhere to the following fee for the activity carried out by retail clients. The following securities are included: Stocks, Exchange-Traded Funds (ETFs), Warrants and Certificates, and Subscription Rights.

1.6.1 Model per order traded

This fee for retail activity includes all buy and sell trades carried out in the order book, as well as in SpainAtMid, applying a fee of 1€ to each group of trades originated by the same retail order, regardless of the type of transaction (passive, aggressive, auction, TAL, and SpainAtMid).

1.6.2 Subscription model

This fee for retail activity includes all buy and sell trades carried out in the order book, as well as in SpainAtMid, applying a monthly subscription of 75,000€. All trades from retail orders

are included regardless of their type of transaction (passive, aggressive, auction, TAL, and SpainAtMid).

Market members who opt for the subscription model may request an initial three-month transitional period during which the monthly subscription will be €25,000.

1.7 Application rules

General rules

- a) This fee will be applied to the turnover of a traded order executed in the order book (buy and sell side) regardless the number of partial executions.

Both the transaction and the variable fee will be applied to each group of trades originated by the same order and that are under the same passive, aggressive or auction or Trading at Last type of transaction.

The fee will be applied by Market member code.

Passive/Aggressive condition is established at the Execution level following the criteria defined in *Delegated Regulation (EU) 2017/576 OF THE COMMISSION of June 8th. 2016. which complements Directive 2014/65/EU of the European Parliament and of the Council regarding technical regulatory standards for the annual publication by investment firms of information on the identity of execution venues and on the quality of execution.*

- b) Both the transaction and the variable fee will be applied to each group of trades originated by the same order done in SpainAtMid regardless the number of partial executions and type of transaction (passive or aggressive).

If an order trades in SpainAtMid and then trades aggressively in the lit order book, the transaction fee and the floor will be applied just to the trades done in SpainAtMid.

- c) With the aim of incentivizing a quick implementation, the period of trading in SpainAtMid free of charge is extended until June 30th, 2025, date that could be modified depending on market conditions.
- d) Minimum monthly commitment level application is based on the transaction fee resulting from the whole entity's activity, understanding by "entity" the grouping of all the market member codes the entity trades through. If an Entity has a transaction fee below the minimum monthly commitment level chosen, the surcharge will be informed in the monthly invoice. This surcharge will be the equivalent to reach the minimum monthly commitment level.

The Entity must indicate to Sociedad de Bolsas which option it wishes to subscribe to 5 business days prior to the month of application using the form that will be provided for this purpose.

The entity may decide to adhere to different commitment levels depending on the security group independently. If the entity does not explicitly indicate an option, the option without minimum monthly commitment level will be assigned by default.

- e) The condition of retail activity referred to in point 1.6 must be properly identified at the order level according to the criteria established in *Article 4 of Directive 2014/65/EU of the European Parliament and of the Council of 15 May 2014 (MiFID II)*.

Adherence to this fee is done at the entity level, regardless of the number of member codes with which the entity operates.

The Entity must indicate to Sociedad de Bolsas which option it wishes to subscribe to 5 business days prior to the month of application using the form that will be provided for this purpose. If the entity does not explicitly indicate an option, it will not be adhered to any of the models of the retail activity fee by default.

Special rules

- a) In the Equity segment, the market maker who hold such condition for the purposes of the regulations, will be subject to a discount of 5 percent on the applicable fee in that trading activity they have performed as market maker in situations of market tension and provided that the presence parameters established for such situations have been met.
- b) Securities specialists shall receive a 50 percent discount on the fee for trades they make on the securities in the fixed-income segment trading platform during each session in their capacity as specialists and covering securities of this nature. Said discounts shall not apply to third-market trading, price agreements and registration operations conducted outside normal trading hours.
- c) In the exchange-traded funds (ETFs) segment, specialists may opt for a transaction fee of 0.50bp (0.50/10,000) of the cash amount traded in securities by specialists in their capacity as such, provided that the attendance parameters laid down in the Operating Instructions are met.

2 Fees regarding characteristics of the orders

The fee regarding the characteristics of the orders will be applied to all securities in addition to the fee described in section 1 and section 3.

The fee regarding the characteristics of the orders won't be applicable for the trading activity of those market members that have subscribed a Liquidity Provision agreement (section 3 of this document) with Sociedad de Bolsas. This activity must be flagged properly as described in the mentioned agreement.

The fee regarding the characteristics of the orders won't be applicable for the retail trading activity described in section 1.6.

2.1 Orders with execution conditions and Iceberg orders

4 Listing fees

This fee, for which the governing body could request a provision of funds prior to the admission to trading, includes the following rights:

4.1 A flat fee of 2,000 euros for reviewing, checking, and processing the listing application.

4.3 As a listing charge:

- a) For domestic shares, a 0.12 per mille fee shall be charged on the capitalisation of the securities admitted to trading resulting from their first market price. This fee will have a minimum of 7,000 euros or 0.5% of the new listed capitalization, being applicable the smallest of both, and a maximum of 600,000 euros.
- b) For domestic fixed-income securities, 0.025 per mille of face value, up to a cap of 1,750 euros and a floor of 50 euros.
- c) For each listed investment fund a flat fee of €10,000 shall be applied, excluding that set out in section 4.1. This fee shall be capped at 50,000 euros for those funds of the same issuer whose listing is requested simultaneously. In case of compartment funds, the fee shall be charged for each compartment.

Listed investment funds previously admitted to SIX Exchange will be exempt from this fee.

- d) For certificates or warrants, the charge is 0.05 per mille of the amount which results from multiplying the issue price by the total number of securities to be listed. For those issuers who have already issued products on the SIX Exchange will be applied a maximum quarterly of 15,000 euros.

4.3 Complementary rules on charging of listing fees:

- a) The maximum fee for the listing of fixed-income securities after the relevant rules are applied shall be 3,250 euros.
- b) In the case of issues taking place as a result of mergers or take-overs between companies with all their share capital listed on this Stock Exchange, only 50% of the listing fees established in section 4.2 shall be charged.
- c) If the application for a listing and the necessary documents for processing the application at the Stock Exchange have not been filed within a term of less than four months following the deadline for underwriting the initial public offering or public offer for subscription or the statutory deadline for creation of the new securities, applicable fees according to section 4.2 shall be increased by 50%.
- d) For those listings of securities where, on the date of admission, there is not a sufficient number of securities available for public distribution under the terms

established by applicable legislation, and which fall under the provisions of Article 66, paragraph 7 of Royal Decree 814/2023, the listing fees shall be calculated based on the market capitalization of the securities to be listed, determined by their reference price or, in its absence, by their first market price once the security is traded in accordance with the rules and procedures of the General Trading modality. In cases where, pursuant to applicable regulations or at the issuer's request, the securities are delisted without a reference price having been established, the listing fees shall be calculated at the time of delisting based on the minimum market capitalization set by the regulations for this type of admission.

In the case of submitting an application for the admission of the securities in more than one Spanish Stock Exchange the applicable fees will be paid only to one of them.

5 Securities maintenance fees

The annual fee shall be calculated using the following percentages:

- a) In the case of equities, 0.052 per mille of their market capitalisation at the close of the last trading session in the prior year.
- b) In the case of fixed-income securities, 0.015 per mille of the face value of the listed securities at the close of the last trading session in the prior year.
This fee shall not be charged if the amount paid for listing and maintenance fees throughout the life of the issue equals 0.05 per mille of the face value of the listed securities, up to a maximum of 55,000 euros.
- c) The maintenance fee for ETFs shall amount to 0.025 per mille of the asset value registered at Iberclear at the close of the last trading session in the prior year. The minimum maintenance fee applicable per ETF shall be 1,000 euros, while the maximum fee per ETF shall be capped at 20,000 euros.

Listed investment funds previously admitted on the SIX Exchange will have this fee waived during the first 4 years from their admission.

- d) This fee shall be capped at 340,000 euros and the minimum fee shall be 100 euros.
- e) In the event that a listed security does not have at least one published financial research, the steps will be taken to provide this service. In these cases, upon delivery of the corresponding report, an annual fee of 8,000 euros will be applied.
- f) For securities admitted to trading under the provisions of Article 66, paragraph 7 of Royal Decree 814/2023, which, as of the close of the last session of the previous fiscal year, have not established a reference price and therefore cannot have their market capitalization calculated at that date, the maintenance fee for that fiscal year shall be applied based on the market capitalization calculated once a reference price is determined or, in its absence, based on the first market price once the security is traded in accordance with the rules and procedures of the General Trading modality. In cases where, pursuant to applicable regulations or at the issuer's request, the securities are delisted without a reference price having been established, the maintenance fee shall be calculated at the time of delisting based on the minimum market capitalization set by the regulations for this type of admission.

This fee is payable to one Stock Exchange only.

6 Stock Exchange membership dues

Every member of the Madrid Stock Exchange shall pay a fixed fee of 3.600 euros per annum regardless the number of market member codes, plus 0.0012 per mille of the total cash value traded (taken as the sum of sales and purchases) completed during the year. These dues shall be billed quarterly.
