

Operating Instruction 09/2025

Initial trading of HBX Group International PLC in the Spanish Stock Exchange Interconnection System

In accordance with the Additional Provision 8th of the Law 6/2023 of March 17th of the Financial Markets and Investment Services, The Sociedad de Bolsas Trading and Supervisory Committee has agreed **HBX Group International PLC** reasonably complies with the requirements for its integration in the Spanish Stock Exchange Interconnection System once the shares have been admitted to trade in at least two Stock Exchanges.

The **247,239,581 shares** that make the share capital of HBX Group International PLC will trade in the Spanish Stock Exchange Interconnection System with **ISIN code GB00BNXJB679**, in the General Trading segment, with the code **"HBX"**, from the day of its admission in the Spanish Stock Exchange Interconnection System, which is foreseen for **February 13th**.

From this date on, trading in this stock shall be performed in accordance with the Operating Rules of the Spanish Stock Exchange Interconnection System and subjected to the Supervision contained therein.

Being aware of the circumstances surrounding the listing of HBX Group International PLC, on the stock's first day of trading, the Sociedad de Bolsas Trading and Supervisory Committee shall apply the following measures contained under section 6.2.4., Circular 1/2021 of the Operating Rules of the Spanish Stock Exchange Interconnection System:

- 1.- The stock will be registered in the Stock Exchange Interconnection System at the beginning of the trading session on the day scheduled for its admission on the Stock Exchange. However, orders cannot be entered until the beginning of the opening auction.
- 2.- The opening auction shall **start at 08:30 a.m. and end at 09:00 a.m.**, being the starting conditioned to the admission to trading of these shares in at least two Stock Exchanges. Though, if required, its duration could be modified for as long as the situation of the market so warrants. Its extension and conclusion must be notified sufficiently in advance.
- 3.- Take as a **reference price** for the session the Offer price, **11.50 euros**. During the opening auction, orders shall be allowed that entail prices within a 50% static range of the reference price. The dynamic range shall be of 8%. The price resulting from this auction shall be considered to be the static price. From the next session on, the static range shall be 10%.
- 4.- According to Commission Delegated Regulation 2017/588 of July 14th 2016, the tick size will be established according to the **average daily number of transactions (ADNT)** which at the moment is in the liquidity band of **80 to 600 daily transactions**.
- 5.- According to Commission Delegated Regulation 2017/587 of July 14th 2016, the minimum turnover for the block system (LIS-Pre) is set at **200,000 euros**.
