European Style Cash Settled Equity Options

Access a Broad Selection of Europe's Most Liquid and Actively Traded Stocks Through European Style Cash Settled Option Contracts

↪ **Learn more:**

A DISTINCTIVE, CAPITAL EFFICIENT DERIVATIVES OFFERING

Following strong market adoption since March 2025, BME is expanding its range of European Style Cash Settled Equity Option contracts to a broad selection of Europe's most liquid stocks.

KEY BENEFITS FOR MARKET PARTICIPANTS

Designed to combine flexible market access with operational simplicity and a trusted market structure.

1

NO EARLY EXERCISE RISK

Execute strategies with precision without the possibility of early exercise.

2

CASH SETTLEMENT

No physical delivery of shares, reducing operational complexity and funding needs.

3

CAPITAL EFFICIENCY

Gain equity exposure through a standardized, capital efficient derivatives product.

4

BROAD EUROPEAN COVERAGE

Trade option contracts on a broad selection of Europe's most liquid stocks.

5

REGULATED AND TRANSPARENT MARKET

Trade within a standardized, fully regulated framework with central counterparty clearing through BME Clearing.

6

FLEXIBLE TRADING ACCESS

Available through MEFF's central order book and pre-arranged trades.

LISTED DERIVATIVES FOR TRADING AND HEDGING ACROSS EUROPE'S LEADING EQUITY MARKETS

Clear product architecture. No early exercise risk. Simplified position management.
