CORPORATE\_ACTIONS\_LIST.xlsx

## 2.3 Relevant Information. Registration Data.

File(s) containing the relevant information communication made by issuers and received by the CNMV during the day in which the file was created.

The data will be available in zipped format with the name BME\_CNMV\_HR\_PS\_ID\_NIF\_YYYYMMDD\_HHMMSS.zip, where:

- PS\_ID is the ID of the corporate action,
- NIF is the Tax ID of the company,
- YYYYMMDD is the reference date of the data and
- HHMMSS is the reference time of the data.

Once unzipped, the user will find an XML file whose contents are defined in the annexes 1 and 2 of this document.

The PS\_ID allows associating each register included in the file PRICESENSITIVE\_ANNOUNCEMENT\_YYYYMMDD.CSV with its corresponding file of the corporate action.

There is one zipped file for each new corporate action receives in T for example BME\_CNMV\_HR\_00130721\_A-28027274\_20100924\_134501.zip contains a XML file with the information, for example: BME\_CNMV\_HR\_00130721\_A-28027274\_20100924\_134501.xml.

The associated pdf files are included as attachments: BME\_CNMV\_HR\_PS\_ID\_NIF\_YYYYMMDD\_HHMMSS\_attach\_XX.pdf

## 2.4 Interim Financial Information.

File containing all the quarterly and/or semester reports remitted to the CNMV by the companies that have securities admitted to trading in the Regulated Markets at the reference date.

The reports provided in this file are XBRL format files provided by the issuers in accordance with the IPP taxonomy and sent to the CNMV in such format.

The daily file with interim financial information is zipped with the name BME\_CNMV\_IFI\_PS\_ID\_NIF\_YYYYMMDD\_HHMMSS.zip where:

- PS\_ID is the ID of the corporate action,
- NIF is the tax ID of the company,
- YYYYMMDD is the reference date of the data and
- HHMMSS is the reference time of the data.

Once unzipped, the client has as many XBRL files as reports and their corresponding PDF format files.

The PS\_ID allows associating each register included in the PRICESENSITIVE\_ANNOUNCEMENT\_YYYYMMDD.CSV with the corresponding file of the corporate action.

A zipped file for each interim financial information received in D for example: BME\_CNMV\_IFI\_2010123384\_A-28004240\_20100927\_154101.zip with a XBRL file with the report in electronic format. In addition, a file is included in the report in PDF format together with a file for each of the attached files embedded in the XBRL file:

For example: IFI2010123384(A).XBRL, IFI2010123384CA.pdf, IFI2010123384IG.pdf, IFI2010123384IN.pdf

Being for pdf:

- IN = PDF Template with the Report Received
- IC = Complementary Information
- DI = Interim Declaration
- IF = Quarterly Financial Report
- NE = Explanatory Notes
- IG = Management Report
- IA = Auditor's Report
- CA = Summarized Annual Accounts

For xbrl:

- The initial number is the Report's CNMV entry registration number
- A=Registration
- M=Modification
- The XBRL files are adapted to the IPP taxonomy.

The Interim Financial Information ZIP file contains the different files associated to a report: in addition to the XBRL report and its PDF version, the files included in the report can be presented in any other format (doc, docx, xls,xlsx, pdf, ppt, xbrl, zip, txt...), and it is included to which part of the report they belong to.

IFINNNNNNNNNXX.ext being

- "NNNNNNNNNN" the CNMV entry registration number (included in the name of the original ZIP file).
- "XX" these two characters identify the type of information included in the file, associated to the corresponding tag of the XBRL
- "ext" is the extension of the file, which is also indicated in the XBRL.

## 2.5 Audits.

File(s) containing the register data of the audits of issuers that have been received in the day by the CNMV.

The data is available in a zipped format with the name BME\_CNMV\_AUYYYYMMDD.ZIP where:

- YYYYMMDD is the reference date of the data.

Once unzipped, an XML file is available with the contents described in Annex 1 and 2 of this document.

A daily zipped file referred to the audits in T-1: for example: BME\_CNMV\_AU20100322.zip which contains a XML file with the information, for example: BME\_CNMV\_AU20100322.xml

## 2.6 Voting Rights and Financial Instruments.

File containing the following information: final position at the date the file is generated of all the listed companies with regard to its treasury stock, voting rights and holdings of financial instruments that grant the option to acquire shares to directors, significant shareholders and executives. Communications received in the CNMV the day the file is generated in any format available for such notification.

Data is available in zipped format with the name BME\_CNMV\_DVYYYYMMDD.ZIP where: YYYYMMDD is the reference date of the data.

Once unzipped, an XML file is available with the contents described in annexes 1 and 2 of this document. One daily zipped file with the communications related to voting rights in T-1: for example: BME\_CNMV\_DV\_20100924.zip with the XML format file with the information: for example: BME\_CNMV\_DV\_20100924.xml

## 2.7 ISIN.

File containing the additions and withdrawals made during the day in the database of financial instruments of the Spanish National Agency of Securities Codification.

The data is available in zipped format with the name BME\_CNMV\_ISINYYYYMMDD.ZIP where: YYYYMMDD is the reference date of the data.

Once unzipped, a XML file is available whose contents are described in Annexes 1 and 2 of this document.

One daily zipped file related to the ISIN in T-1: for example: BME\_CNMV\_ISIN\_20100924.zip with a XML file with the information: for example: BME\_CNMV\_ISIN\_20100924.xml

## 3 ANNEX 1

### 3.1 INTRODUCTION

The files that are included in the service contain the information that is registered every day in the CNMV:

- a) For Interim Financial Information of the Issuers, the information that having been previously received and stored, has been put at the disposal of the public in the day.
- b) For corporate actions, significant shareholdings and audits, the information that has been included in the Public Registers of the CNMV
- c) For ISIN Codes, the modifications made with a daily update.

The interim financial information of the issuers is distributed both in XBRL format as well as PDF format, the rest of the information is available in XML files with the structure that is included in the following chapters.

*Disclaimer of content from the CNMV:* the CNMV shall not be held responsible for the accuracy of public information included in its official registers, when such information has been provided by third parties in compliance with their legal obligations. The inclusion of the said information into the CNMV official registers shall exclusively imply that the information has been submitted pursuant to the applicable regulations. Consequently, the CNMV shall not be liable for any damages arising from any decision taken as a result of using any such information. The CNMV is not responsible for any inaccuracy, omission or error therein.

### 3.2 FILE DESCRIPTION

In the FTP server, there are five types of files:

- Relevant information. Registration data. File that contains the communications of relevant information made by the issuers and received in the CNMV during the day the file is generated. The data is available in a zipped format with the name BME\_CNMV\_HRYYYYMMDD.ZIP where YYYYMMDD is the reference date of the data. Once unzipped, a XML file is available whose contents are defined in the Annex 2, chapter 1. The associated pdf files are included as attachments: BME\_CNMV\_HR\_PS\_ID\_NIF\_YYYYMMDD\_HHMMSS\_attach\_XX.pdf
- Interim financial information. File containing all the quarterly and semester reports sent to the CNMV by the companies with securities admitted to trading in Regulated Markets at the reference date. The files available in this file are the XBRL format files, prepared by the issuers in accordance with IPP taxonomy and submitted to the CNMV in such format. The daily file with interim financial information is zipped with the name BME\_CNMV\_IFIYYYYMMDD.ZIP where YYYYMMDD is the reference date of the data. Once unzipped, there are as many XBRL files as reports and their corresponding files in PDF format.
- Audits. File containing the registration data of the audits of the issuers received in the day by the CNMV. The data is available in a zipped format with the name BME\_CNMV\_AUYYYYMMDD.ZIP where YYYYMMDD is the reference date of the data. Once unzipped, a XML file is available whose contents are described in the Annex 2 chapter 2.
- Voting rights and financial instruments. File with the following contents:
  - Final position at the date the file is generated for all the listed companies as regards the company's treasury stock, voting rights and holdings of financial instruments that grant the option to acquire shares to directors, significant shareholders and executives.
  - Communications received by the CNMV, at the date when the file is generated, in any model of those available for such notification:  
The data is available in a zipped format with the name BME\_CNMV\_DVYYYYMMDD.ZIP where YYYYMMDD is the reference date of the data. Once unzipped a XML file is available whose contents are defined in Annex 2, chapter 3.
- ISIN. File containing the modifications made during the day in the database of financial instruments of the Spanish National Agency of Securities Codification. The data is available in a zipped format with the name BME\_CNMV\_ISINYYYYMMDD.ZIP where YYYYMMDD is the reference date of the data. Once unzipped, a XML file is available whose contents are described in Annex 2 section 4.

### 3.3.4 VOTING RIGHTS AND FINANCIAL INSTRUMENTS

Voting rights and financial instruments. This file contains two types of information:

- Final position of treasury stock and directors and significant shareholders in the listed companies at the date of the file creation. In the final position a distinction is made between voting rights and the financial instruments that grant the option to acquire shares.
- Communications received by the CNMV, at the date the file is created, following any notification model:

The communication register is made up of a main body and an annex that depends on the model used in the communication:

- Annex I – Notification model for voting rights attributable to shares in listed companies for persons obliged that do not hold the position of Director of the issuer
- Annex II – Notification model for financial instruments linked to shares of listed companies for persons obliged that do not hold the position of Director of the issuer.
- Annex III – Notification model for voting rights attributable to shares and other transactions on listed companies' shares. Model for Directors.
- Annex IV – Notification model for transactions on financial instruments linked to shares of listed companies. Model for Directors.
- Annex V – Notification model for transactions on shares and other financial instruments linked to shares of listed companies. Model for executives, not directors.
- Annex VI – Notification model for transactions made with own shares.

#### 3.3.4.1 FINAL POSITION

Final position of treasury stock and directors and significant shareholders of all the listed companies as from the date the file is created. In the final position a distinction is made between voting rights and financial instruments that grant the option to acquire shares.
