## Atrys Health winner in the “Rising Star” category at 6<sup>th</sup> European Small and Mid-Cap Awards

On the 4<sup>th</sup> of December, The Federation of European Securities Exchanges (FESE) and European Issuers, in cooperation with the European Commission, have organized in Brussels the 6<sup>th</sup> edition of the European Small and Mid-Cap Awards, where Atrys Health has been awarded in the category of “Rising Star”. GOMSpace and Madara organic skincare were the other two finalists, both of them are listed in NASDAQ.

ATRYNS has three fast-growing business lines with consolidated customers: (i) Diagnostic Laboratory: Molecular diagnosis to ascertain the phenotype of individual tumours and thus identify optimal treatment for each patient. (ii) Online Diagnosis: 24/7 medical diagnostic services. (iii) Radiotherapy: ATRYNS is a leader company in single-dose radiotherapy. The Company carries out numerous R&D projects, always in collaboration with prestigious companies and academic institutions, to develop new ways of detecting or treating cancer.

The company's executive president, Santiago de Torres Sanahuja, who received the award, said that “Atrys Health is the result of the work of a highly professional team of high excellence, whose motivation is to improve oncological diagnosis and other pathologies through innovation to obtain the best precision medicine”. Torres also thanked his support to the MAB, since ‘they have encouraged us to continue growing and creating value for shareholders’. The president of the company also expressed his gratitude to the shareholders for “believing in Atrys and accompany us in this adventure.”. [MORE +](#)

### MAB listed companies keep growing strongly

The good performance that has been recorded in recent years in the main financial indicators continues its trend.

Last October MAB listed companies disclosed their first half-year financial information. The figures show an improvement in the revenues, EBIDTA and employment compared to the same period of 2017. Namely, the revenues has grown a 14,2% whereas EBIDTA and employment has raised a 5,8% and a 9%, respectively. These numbers support the upward trend showed in the last five years where the average increase has reached 29.9% in invoicing, 21.2% in EBITDA and an average rate of job creation of 8.0%.

Furthermore, as of November the 30<sup>th</sup>, both the companies already listed in the MAB and those which have incorporated during this period have used intensively the market to finance themselves through capital increases. This type of financing has raised to 859 million euros through 45 operations of capital increases since the beginning of 2018.

### Latibex Forum 20th Anniversary

On November 15<sup>th</sup> and 16<sup>th</sup>, the 20<sup>th</sup> Anniversary of the Latibex Forum was held at the Stock Exchange Palace in Madrid.

50 companies participated in the event and experts panels took place parallel with one to one meetings. On this occasion, four MAB companies with a strong presence in the region participated, holding meetings with national and international investors.

Latibex, the Latin American Stock Market in Euros, has listed almost 40 companies since its inception in 1999, reaching a joint capitalization of more than 500,000 million euros. In its 20 years of life, Latibex has become the landmark market in Europe for the big Latin American values, offering these companies an effective formula to improve their visibility among European investors and an interesting way to access the capital market in euros. BME, main sponsor of a meeting that pursues support for the financing of Latin American companies and the connection with European companies, considers a priority task to continue fostering business relationships between these two complementary regions.
